To Whom It May Concern,

I am writing to express our feedback on Craft Assessment and Training services provided to our Company by APEC Training Center LLP (APEC). We started working with APEC in October 2018. Since then, over 500 of our employees have been assessed in various Craft disciplines including Steel Erectors, Pipefitters, Concrete Finisher, Riggers, Heavy Duty Vehicle Drivers and others.

We are satisfied with the service quality observed at APEC. Their team is very open and transparent on their Craft Assessment processes allowing our Representatives to attend assessment and training sessions whenever they feel necessary.

APEC keeps continues dialog with Kazpaco to maintain clear understanding of the Scope of Work, and objectives. They are always keen to discuss programs structure and content to make sure they are fit for purpose.

We are happy with services provided by APEC and are looking to continue using their services.

Should you require more details please do not hesitate to contact us.

Kind regards,
