

Letter of recommendation

July 1, 2019

TO WHOM THIS MAY CONCERN:

I am writing to recommend Craft Assessment and Training services of APEC Training Center LLP (APEC). We have been using APEC services since August 2018. For current date over 600 of our employees have been assessed in various Craft disciplines including Steel Erectors, Pipefitters, Riggers, Heavy Duty Vehicle Drivers and others, and over 180 employees have been trained in these disciplines.

Through out the time of our cooperation, APEC has been keeping close communication with Velesstroy to maintain clear understanding of the Scope of Work, and objectives. They are always happy to discuss programs structure and content to make sure they are fit for purpose.

APEC is very open and transparent on their Craft Assessment and Training processes allowing our Representatives to attend assessment and training sessions whenever they feel necessary.

We are happy with services provided by APEC and are looking to continue using their services.

Should you require more details please do not hesitate to contact us.

Kind regards,

Marco Botic
Deputy General Director
